Dear diving friends,

I am pleased to finally provide you with the latest information and data for our Maldives trip 2026.

Travel period: 18.04.2026 Check in , Male
30.04.2026 Check out, Male

In total we will spend 13 days and 12 nights on an unforgettable dive cruise (plan see below). The travel period is chosen in such a way that we can guarantee the best conditions for our trip.

Overall, the safari is all about big fish encounters. To this end, the itinerary. Both whale sharks and manta rays as well as many other shark species will accompany us on this tour (see article below)

Tour Itinerary

Experience an unforgettable 13-day liveaboard in the Central Maldives, where crystal clear waters, colorful coral reefs and a fascinating underwater world await you. This safari takes us to the best dive sites in the region, known for their impressive biodiversity. Ideal for divers looking for both pristine dive sites and exciting encounters with large marine life.

Itinerary:

In total, the safari includes 13 days, which gives you the opportunity to dive in numerous, carefully selected dive sites in the central Maldives. We visit stunning atolls, such as Ari Atoll, South Male Atoll and Vaavu Atoll. Each of these areas offers exceptional marine life with great coral walls, steep drop-offs and shallow lagoons inhabited by tropical fish, sharks and manta rays.

Diving:

- Ari Atoll: Known for its manta and whale shark sightings, a paradise for photographers and experienced divers.
- South Male Atoll: Here we can expect colorful reefs, breathtaking drift dives and the opportunity to dive with large schools of fish.
- Vaavu Atoll: A true highlight for lovers of cave and cave dives, as well as manta rays and sharks.
- Meemu Atoll: Calmer waters with incredible coral formations and a variety of fish, ideal for relaxed dives.

In April we enjoy particularly good weather conditions with warm water temperatures (about 28-30°C) and excellent visibility (up to 40 meters), which offer optimal conditions for unforgettable dives.

Highlights of this trip:

- 11 full days of diving with 3 to 4 dives per day, including night and drift dives. On 18.4. you can also dive if you arrive in time on this day...
- Encounter majestic manta rays, whale sharks and all other shark species, turtles and an abundance of tropical fish.
- Professional dive guides who will take you to the best dive sites and ensure your safety.
- German language and absolutely individual as there are only 12 divers on board. Diving with friends is our motto

Ship & Accommodation:

The Hammerhead2 was designed specifically for liveaboards in the late 90s. Today it is one of the few classics with two sail masts in dhoni style. The ship is powered by a 180 hp diesel engine. Atoll crossings are therefore no problem for the Hammerhead2.

For its 25th anniversary, the ship was thoroughly overhauled in 2022. New on the Hammerhead2 is a ship's own desalination plant, as well as adjustable air conditioning in all cabins. The ship is powered by a 220V generator. Sufficient storage space in the cabins is provided by storage areas and cupboards. Bed linen and towels are changed regularly. Smoke detectors and life jackets ensure your safety.

The boat has 6 cabins, all upper deck with side windows, skylight (at the same time emergency exit) with en-suite bathroom (sink, toilet, shower) and air conditioning. 2 cabins have a double bed. 4 cabins have 3 beds, but we only count them as 2. So calculated we have space for 12

divers, with full charter up to 16 people can be on the boat. The Hammerhead2 is accompanied by a dhoni, which offers enough storage space for all your diving equipment. The dhoni has a toilet, 2 freshwater showers, a nitrox membrane system and two compressors.

I have personally spoken to some customers who have already done safaris on the Hammerhead. I was unanimously told that the Hammerhead is not a luxury yacht as we know it today, but has an unmistakable charm and flair. Just a traditional liveaboard with a great and mega cozy atmosphere complemented by a great crew.

Definitely a good place to have a lot of fun. Since this is a full charter, we are of course absolutely flexible and determine ourselves and together how the tour goes exactly.

Customer recession

"I have been diving all over the world for over thirty years, including thirteen in the Maldives. At Hammerhead2 I was particularly impressed by the ambience, the cosiness, the flexibility of the organizers and the crew, so I decided to recommend this to my circle of friends. Since then, we have made five liveaboards with the Hammerhead2, which have delighted professionals and amateur divers alike. "

Prices:

Below you will find the prices in USD per person / night

Type	Gesamt incl. Nitrox	Gesamt excl. Nitrox
